Resolutions.—Mr. Leonard's proposition is carried unanimously. Mr. Leonard makes the following proposition :—

The Board respectfully begs to point out that it never at any time proved obstructive, as stated in the Government Proceedings under question, or deny the good work done by the City Improvement Committee. On the contrary the Board fully and voluntarily acknowledged through the President the good results of the operations of the latter body. In calling the matter in question, the Board only wished that the relations between itself and the City Improvement Committee should be defined and placed on a satisfactory basis. The Board moreover believes that the order of Government was passed on insufficient information and grounds, and therefore feels aggrieved by the rebuke contained therein which the Board submits it has not in the least deserved.

The Board accordingly requests that the President will be so good as to submit the matter, with all the explanatory remarks urged by the Board at the discussion for the reconsideration of Government, in view to the proper bearings of the question being fully recognized and the Board absolved from the adverse remarks unduly made by Government.
